

FIBER ON THE GROUND STATEMENT

SERVICE COMMITMENT - BROADBAND

Effective: July 31, 2023

Red River Communications fulfills its commitment to our USF funding requirements, specifically our 10-day commitment to serving new and existing customers. Due to the states' climate (North Dakota, Minnesota, South Dakota) we serve and the six months of the year that construction can typically not take place, Red River Communications commits and has experience in laying or installing temporary fiber-optic connectivity.

For new services or extenuating circumstances, one-time fees may apply. See full Terms and Conditions for details.

This process is only temporary until underground construction can take place.

This commitment follows through for service interruptions and outages.
