Account Privacy - CPNI

The FCC mandates that all telecommunications companies safeguard Customer Proprietary Network Information (CPNI) data. CPNI is personal information stored and collected by Red River Communications for billing and provisioning service. Examples of protected information include call detail, services and features subscribed to and carrier selected. Examples of non-protected information, because it is of public record, include name, address and phone number if published.

Red River Communications will do everything possible to protect the privacy of your CPNI information. The FCC requires Red River Communications to perform a customer authentication process anytime you call for protected information about your account or if you come into the office.

The following procedures have been put into place by Red River Communications to comply with these requirements:

- **If you come to the office for information**, please bring a copy of your complete bill with you. If you do not have your bill you will need to provide a valid photo ID before we can share information on your account.
- **If you are calling the office**, you need to provide your CPNI password to allow us to share information about your account.

Terms and Conditions

The undersigned appoints Red River Communications as limited Agents to order and make changes in service associated with the activation of Red River Communications Internet Services as specified above. As an accepted Internet access user through the Red River Communications network, I agree to abide by the present and future rules and bylaws of Red River Communications, including the Acceptable Use Policy. I agree to follow the rules of any connected networks if and when using those networks. I recognize that Red River Communications offers no guarantee or warranty on the performance of its network and Internet connection, nor on the performance of gateway connections to other networks. I agree to hold Red River Communications, its Officers, Directors, and Agents harmless from any liability arising from special, indirect, or consequential damages including but not limited to lost profits, loss of opportunity, or any other loss which may result from the use of, misuse of, or lack of availability of Red River Communications or its facilities. There is a \$24.50 fee for non-pay reconnection. A deposit may be required upon reconnection of this service.

Standard installation includes mounting on the roof or side of the home/structure. Installation will result in mounting screws and bolts being placed through the roof or side of the home/structure. If non-standard installation is necessary, the applicant will be advised of an estimate of charges prior to installation of this service. Installation of this service will not be possible in all situations due to home/structure limitations, obstructions, and other factors. By signing below you agree to allow the technician to perform the installation of this service. If renting, you must obtain permission from your landlord prior to the installation of this service.

Non-standard or no agreement installation will be charged at a rate of \$100.00 per hour plus applicable material charges. An estimate of the non-standard or no agreement installation will be provided prior to installation of this service. Any installation fee must be paid in full prior to the installation of this service. Should the actual installation fee be less than the estimate, the overage will be applied to the monthly account statement.

Technical support related to this service is available Monday-Friday from 7:30am to 4:30pm. Technical support inquiries resulting in a technician visit will be billed at a rate of \$100.00 per hour unless the issue is found to be as a result of equipment malfunction or defect from installation.

Weather may affect the performance of this service. No credits, refunds, or allowances will be given due to weather-related service disruptions.

Equipment including the antenna assembly, modem, and associated cabling remain property of Red River Communications in all installations. Failure to return equipment (when applicable) will result in up to a \$400.00 fee.

I agree to allow Red River Communications to perform a credit check prior to the installation of service. The outcome of the credit check may require a deposit to receive service or result in a denial of service in some cases. Any deposit due will be required prior to the installation of the service and will be refunded to the customer in full with interest after a period of 12 months of satisfactory account payment status.

Cancellation Policy

I agree that I will retain Ag Wireless internet service from Red River Communications for the agreement length selected above. Termination before the agreement length has been completed will result in an early termination fee equal to the prorated amount of installation value (up to \$250.00), repayment of promotional items, and/or forfeiture of other promotional offers. A \$20.00 per month penalty will apply for each month remaining on the agreement. Any temporary suspension of service will extend the agreement length by the same period of time as the temporary suspension. A \$24.50 fee applies to reconnection of accounts disconnected for delinquency. Termination fees apply to voluntary or involuntary termination, but do not apply if the agreement is expired or if no agreement length was selected.
